1. What do you think Paul meant when he said to pray for God to “open a door”? What does an open door to share the Gospel look like? When have you prayed for an open door and had God open one for you?

2. What do you think the difference is between praying evangelistically and praying personally? Why is it important to pray for your fellow believers? How does praying for unbelievers affect the way you interact with them?

3. Why do you think Paul instructed the church to “let your speech always be gracious, seasoned with salt?” Why is it sometimes difficult to live a life consistent with the faith we profess? What steps can you take to make sure that your conduct and speech are fitting for a messenger of the Gospel?
